WORK EXPERIENCE

Zidio

Web Development Intern

Feb 2025 - May 2025

- Assisted in developing and testing features for client projects.
- Helped improve development workflows for better team collaboration.
- Worked closely with a small team to complete a project within the given timeline.

Saiket Systems

Full Stack Developer Intern

Jan 2025 - Feb 2025

- Helped manage project timelines to ensure on-time delivery.
- Supported the team in using modern tools for better project results.
- Worked with different teams to complete projects successfully.

EDUCATION

Osmania University

Bachelors in Sciences - 7.64

Jun 2022 - May 2025

TSBIE - Intermediate

MPC - 64

Jun 2020 - May 2022

PROJECTS

Learning Management System (LMS) Platform [🔗](#)

Jan 2025 - Feb 2025

Developed a full-featured LMS where instructors can upload courses and students can purchase them with lifetime access. Integrated authentication, role-based authorization, and Stripe for secure payments.

Real-Time Chat Application [🔗](#)

Feb 2025 - Mar 2025

Built a real-time chat application with user authentication and secure messaging. Enabled one-on-one conversations with instant message delivery using WebSocket technology.

Amazon Clone with Cart and Payment Integration [🔗](#)

Mar 2025 - Apr 2025

Built an Amazon clone using **Next.js** and **TypeScript**, featuring **Stripe** integration for secure payments and full **add-to-cart** functionality. Implemented product browsing, cart management, and a smooth checkout experience for users.

HackHub - Blogging Platform with User Authentication (MERN Stack) [🔗](#)

Apr 2025 - May 2025

Developed **HackHub**, a blogging platform using the **MERN stack** (MongoDB, Express, React, Node.js). Features include user **authentication**, **post creation**, and **management**, allowing users to create, edit, and delete their blog posts effortlessly.
